

LIGHT WAVES AND OUR NIGHT SKY

ADDITIONAL VIDEO RESOURCES

Which Animals Have Night Vision? | Animal Autofill

Duration: 3:06

Video Description: This video, full of live-action footage of different animals, teaches viewers why its important for some animals to see at night.

Video Reflection Questions:

- Why do some animals need night vision?
- Which night-vision animal was your favorite? Why?

Baby turtle's first steps - BBC

Duration: 6:24

Video Description: A look at baby turtles hatching and taking their first steps toward the ocean, this video allows students to make connections between the in-class activity they did with Change is Simple, and the real-life event of a hatching sea turtle nest.

Video Reflection Questions:

- How was the actual journey similar to the one your turtles took during Change is Simple? How was it different?
- How did you feel watching the turtles hatch and make it to the ocean?
