REFLECTION QUESTIONS

1. Scout faced many challenges during her flight to find nectar. Name 2 of them.
2. How did Scout tell her sister bees where the flowers were? How is it similar or different to how people share important information?

ACTIVITIES

Scout plays an important role in her hive family, as do all her sister bees. Students should team up with a partner and discuss the roles each member of their own families play. They'll discover the talents, responsibilities, and contributions that make their families unique!

Students should take turns sharing insights and stories about the different people and roles that make up their families.
